

The Company have carried out a complete risk review of the context of the Organisation including identifying the external and internal interested parties, based on that review we have created this revised policy statement.

The Organisation is committed to providing the highest quality of service and product to its customers, consistent with sound economic practice that will ensure client satisfaction and the Company's leadership in its field.

Our services must meet the needs of our customers and Quality of service within the Business is considered the responsibility of each and every person involved with the Business.

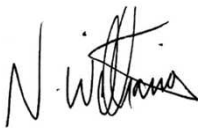

Our goal is getting things right first time and every time, within an environment of all actively involved in continuing improvement through the regular and systematic review of our systems. This includes setting of Key Objectives headlines for 2020 including: Business General/Finance/Sales/Vehicles and Plant/Health and Safety /Training.

The Quality Management System is developed to reflect the above and in compliance with BS EN ISO 9001-2015, additional to other regulations and legislation affecting the Business.

The Company operates in compliance with the following British, EU and International Standards.

We are constantly striving for continual improvements within our systems and processes.

Signed:

Mr Noel Williams
Director Responsible for Health, Safety and Welfare
